FROM THE ESC PRESIDENT:

Merry Christmas and a Happy Holiday Season to all! Welcome to another winter season at our beautiful Enchanting Shores Park. As I look back at the last 12 months, I am truly amazed at what has been accomplished to restore and improve our park in the aftermath of hurricane Ian. Needless to say, this could not have been accomplished without the unselfish dedication and volunteerism of so many of the shareholders. Charles, in the weekly updates, has done a great job in chronicling these efforts and identifying those individuals who spent countless hours completing the numerous projects. I encourage all shareholders to make a tour of our facilities and park to see the changes. Some of them are as follows:

- **Clubhouse** - Renovations include a new ceiling, stage/entryway carpet and a lifetime epoxy floor. The clubhouse and adjacent rooms were finished off with a decorative base board. The tenacity of the property manager and the Board in dealing with our insurance companies resulted in receiving insurance payments to offset the cost of these clubhouse renovations.
- **Front Entrance** - Improvements included a stunning new entry façade and signage, plantings, water features, an upgraded irrigation system and rear license plate camera.
- **Kitchen** - Installation of new cabinets, counters, backsplash tiles and sinks along with the necessary set-up resulted in a fully functional kitchen. A new double oven was purchased with funds provided by the Bingo committee and the Kitchen fund purchased tiles for the backsplash.

The Shorelines

- **Restrooms** - New tiles were installed along with a completely new paint job and decorations for all three restrooms. Hand blowers replaced the paper hand towel dispensers, the bathroom sink areas are now hands free.
- **Laundry Room** - Restoration included painting, new washing machines and a water heater.
- **Library and Billiards Rooms** - Cleaning, painting and floor waxing are some of the efforts that were made to make these facilities fully functional again.
- **Swimming Pool Area** - Extensive cleaning, installation of a new deck surface, painting of tables, and landscaping improvements around the new fence restored this to a welcoming environment. Initial problems with a slippery pool decking surface have been corrected.
- **Pool Maintenance** - The routine day-to-day maintenance of the pool has been taken over by Maintenance Dale who is state certified as a pool and spa technician and is qualified to perform the required maintenance. Subsequent inspections have been very positive over the quality of this in-house maintenance.
- **East End Roundabout** - Palm tree lighting, replacement of older shrubs with new clusia hedges and bougainvillea plants along with fresh mulch went a long way to dress up this area.
- **West End Fence** - 60 clusia shrubs were installed along the fence line. In a couple of years, they will provide a beautiful screen and barrier between our property and the neighboring properties. A donation from the Horseshoe club helped to fund these improvements. Additional shrubs will be planted when more funds are collected.
- **ESC "Back Porch"** (grill and lanai area) - The old concrete block structure and flat grill grates were removed. The area has been cleaned, sanded and painted. A new gas grill has been purchased for shareholder and committee use. Lettering delineating the area as the "Back Porch" adds a finishing touch. New screening a new screen door and a fenced in A/C Unit completed the improvements in this area.
- **Miscellaneous Painting** - The clubhouse front doors and the maintenance building, have been sanded, cleaned and received a painting makeover.
- **Dock Area** - The dock has been stained and a new fascia board has been installed. The dock caution lines have been painted to be more visible.
- **Rules and Regulations** - After considerable time and effort, a committee revised the Rules and Regulations which were then approved for implementation by the Board.
- **Road and Parking Lot Painting** - Lines, arrows, crosswalks, bumpers, bike stands and lettering were all repainted.
- **Water System Issues** - In the past 12 months there have been a number of water supply "emergencies." There are always a number of shareholders that are available at a moment's notice to address these emergencies to keep the water flowing to supply the various areas of the park.

Again, I cannot thank everyone enough for these unselfish efforts which has resulted in considerable dollar savings and in most cases a better resolution or fix than what contractors may have provided. It should be pointed out that this remarkable unselfishness of our community also carries over to our surrounding Naples community.

-The annual Christmas food drive has been much appreciated by St. Matthew's House.

-The Veteran's food drive, sponsored by the Naples Lodge of Elks has been well supported because of ESC shareholder donations. This year on December 9 the parade will be held with 130 members of the Palmetto Ridge High School marching. The ROTC along with the Horseshoe Club put on a breakfast for ESC Veterans.

-The ESC Manatee Christmas and Community Service Committee provides help with a Manatee School Christmas Donation party.

-Donations from the Ice Cream Social were used to provide school supplies for the Manatee School. Last year representatives from the school attended the Ice Cream Social to express their thanks for our help.

Although the improvements have been many there are other challenges that will require our attention:

- **On Line Electronic Processes** - In October the Board voted to pursue an online electronic voting system. Other on-line electronic process improvements will include electronic payment for dues and assessments, and improved communication systems between shareholders, Board and Management. Electronic

The Shorelines

distribution of various meeting notices and other required communications will be made available to those who prefer this method of communication.

- **Continuing Power Line Outages** - There are still a number of shareholders that are still being fed with temporary power installations since hurricane Ian. The Maintenance Building also has a temporary feed. The Board will continue to work with FPL to resolve these issues.
- **Streetlighting** - There are still a number of street lights in the park that are out. Unfortunately, FPL is being overwhelmed state wide with issues of this type.
- **Asphalt** - The Board will be setting up a plan to deal with road erosion, sinkholes and other asphalt concerns. Contractors will be contacted to help inspect and work with the Board to determine the best course of action.
- **Landscaping** - The new landscaping company has been going through some "growing pains" and is trying to meet the expectations of our community. The Board has been made aware of shareholder's concerns and is working towards resolution. The contract has a 30 day opt out clause and will be utilized if needed. We are getting closer to the 12-month date, at which time the overall performance of the company will be evaluated and appropriate actions taken.

If you have any questions or comments feel free to contact me, again thank you for your help and support

INFORMATION FROM THE ESC SECRETARY/TREASURER

Welcome back! It's great to see familiar faces and new faces as shareholders have already started to arrive to enjoy the beautiful Florida weather in the upcoming season. This season is also going to be particularly exciting as we proceed with three initiatives endorsed by the Board. These initiatives will allow ESC to transition, with your help, to a more efficient way of doing business electronically, resulting in a cost reduction for mailings (printing and postage), improved communications, streamlining of the voting process, and improvements to the payment process. Email addresses have also been set up to directly communicate with some Board Officers, they are president@enchantingshores.com, secretary@enchantingshores.com and treasurer@enchantingshores.com

In September all shareholders were sent a detailed information packet regarding these initiatives. In that packet was a form, **Shareholder Official Address and Telephone Form**. Shareholders were requested to complete this form. This form will allow shareholders, if they so desire, to "Opt In" and receive all ESC communication electronically by e-mail. This would include, but not limited to, meeting notices, meeting agendas, written materials, photos, etc. All regulatory requirements regarding these communications would be satisfied. It should be pointed out that shareholders if they decide not to "Opt In" will still receive **Mail Delivery** (to their official address on file) or **In-Hand Delivery** (to an address in ESC) for these documents. It was requested that shareholders complete and return the **Shareholder Official Address and Telephone Form** to the ESC Office by **December 1, 2023**, so if you haven't done so, please do. The form can be obtained from the ESC office and the Office Staff or any Board member can assist in the completion.

The September information packet also contained detailed information regarding electronic voting. Most shareholders are aware of the involved and complicated voting process and the time-consuming effort that goes into ensuring that voting results are fair and accurate and that all votes are counted. At the October 13, 2023 Board Meeting, the Board unanimously voted to adopt a *Resolution Authorizing Electronic Voting and Participation for ESC Association Meetings and Elections*. The meeting agenda for October 13, 2023 meeting contained a form, **Consent to Electronic Voting Form**, which can be completed by shareholders who want to vote electronically. The form is self-explanatory but Office Staff and any Board member can assist in filling out if needed. If you need the form, please contact the ESC office. The Board is encouraging shareholders to participate in the electronic voting process. Please note that it is not mandatory that shareholders will have to utilize electronic voting, paper ballots will still be made available and allowed. To learn more about electronic voting please visit the website www.hoast-inc.com/videos-and-online-tutorials. The video titled **Voting Just Got Much Easier** will provide you with a 3-minute

The Shorelines

overview of electronic voting. Also note, that if you consent to electronic voting, you can revoke that consent at any time. It is intended to implement electronic voting for the Annual Shareholder's Meeting, scheduled for February, 9, 2024. If you consent to electronic voting the **Consent to Electronic Voting Form** must be signed and on file with ESC 30 days prior to the annual meeting. Volunteer shareholders will be available to provide assistance if needed.

The **FIRST NOTICE** regarding the Annual Shareholder's Meeting was sent out on October 31, 2023 and distributed to shareholders by their preferred method (in-hand, mail or email). If you are planning to run for a Board position, on or before **December 31, 2023**, you must give WRITTEN notice, either by email attachment, mail, fax, or in person of your desire to run for the Board of Directors. This written notice should be addressed to the Enchanting Shores Co-operative, Inc., 17 Turquoise Ave, Naples, FL. 34114. You may use the **Notice of Intent to be a Candidate for the Board** form for that purpose. You also may submit a **Candidate Information Sheet**, no larger than 8.5 inches by 11 inches, containing your qualifications. This information sheet must be submitted to the Co-operative no later than **January 5th, 2024**. This sheet can be emailed as an email attachment, just not as content in an email message. Email to: secretary@enchantingshores.com

The **SECOND NOTICE** regarding the Annual Shareholder's Meeting will be sent out no less than 14 days prior to February 9, 2023 meeting date. Like the first notice it will be distributed to shareholders, by their preferred method (in-hand, mail or email). The **SECOND NOTICE** will include the complete agenda for the Annual Shareholders' Meeting, candidate information sheets, voting materials and any other material pertinent to the agenda. Materials and instructions will also be provided for both paper voting and electronic voting.

The **Maintenance Fee** amount was finalized when the 2024 Budget was approved by the Board at the November 17, 2023 Board Meeting. Thanks to the insurance claims made by our property manager, the savings in labor due to the extensive volunteer effort, shareholder donations and the wise investment, by the Board, of ESC funds, the 2024 Maintenance Fee will remain the same as the 2023 Maintenance Fee. Maintenance Fee coupons will be distributed to all shareholders. The first quarterly Maintenance Fee is due January 1, 2024.

If you have any questions feel free to contact me,

Kelley Whaley
ESC Secretary/Treasurer

FOR THE GOOD OF THE COMMUNITY

Rules and Regulations – In October the Board approved a revision the ESC Rules and Regulations. The changes were recommended by a committee of shareholders in addition to recommendations by other shareholders. Most changes were minor in nature. The purpose of these Rules and Regulations, in addition to making residency at ESC pleasant for us, is to maintain the overall quality of life, safety and property valuation. Please do your part by familiarizing yourself with the rules and regulations and complying with them.

Water Consumption – Water usage needs to be a concern of all. In addition to the importance of water conservation, the cost of Collier County supplied water continues to increase. Ensure that usage issues within your home (leaky faucets, running toilets and piping leaks) are promptly addressed. A testing device, along with instructions is available at the ESC office to leak test your own plumbing. Lawn irrigation is addressed in Rules and Regulations (section 18) that specify the allowed operation, such as, watering days and duration (odd addresses Monday, Wednesday and Friday; even addresses Tuesday, Thursday and Sunday with a maximum duration time of 15 minutes). Please adhere to these requirements.

Bears – There appears to be an increase in the sightings of bears in Collier County, including our community. In most cases, they are simply looking for food. Ensure that all garbage is in bags and properly secured in sealed trash receptacles. Report all bear sightings and if you encounter a bear try to remain calm and back away to a safe area.

Observe Speed Limits – Along with the winter season comes an increase in the number of pedestrians, bicycles and vehicles. The speed limit posted throughout the park is **10 mph**. This speed limit applies to all motor vehicles, bicycles and motorized bikes (Rules and Regulation section 18.a). Please observe the limit to ensure the safety of all.

The Shorelines

Swimming Pool – The Rules and Regulations section 40 are intended to promote the health and safety of residents using the pool facilities. Many of them are the result of State and/or County requirements. Adherence to the Rules and Regulations and the posted rules will help to ensure an enjoyable experience for those using the pool.

Dock Compliance – Don't be in violation of Collier County requirements if you have a dock. Refer to http://colliercounty.elaws.us/code/lc5_5.03.00_sec5.03.06

Activities and Events – For your own enjoyment there are numerous activities and events that you can participate in. Also, if you are interested, there are plenty of volunteer opportunities, please refer to clubs and activities page in newsletter. See Attachment 1 **ESC Contact List**, Attachment 2 **Weekly Activities**, Attachment 3 **Scheduled Activities and Events** and Attachment 4 **Committees, Clubs and Individuals**. There is also the Enchanting Shores Monthly Calendar on the Enchanting Shores website (enchantingshores.com) and can be accessed under the "Calendar" tab. This calendar is maintained and updated periodically by our property manager, Charles.

"Super Volunteers" – There are many volunteers that make ESC a wonderful place to live. Weekly activities, special events, dinners, dances and projects would not happen without our volunteers. However, there are some shareholders, who have spent countless hours in the last year on many volunteer endeavors, that are deserving of special recognition: **Loy Zalecky, Ken Crossman, Leroy and Ann Clark, Kelley Whaley, Missy and Ron Marshall, Pat St. John.**

PEOPLE YOU SHOULD KNOW

It is intended to recognize and highlight members of our ESC community in each **SHORELINES** edition. Highlighted in this month's newsletter is the Board. These shareholders work hard to make ESC a great place to live. Sometimes it is a thankless job that doesn't get the recognition it should. So, when you see them out and about give them a big "THANK YOU".
